

# **DMU 80 eVo linear – Stock Machine S/N 15485769024**

## **Basic machine**

DMU 80 eVo New DMG MORI Design  
Dynamic package DMU 80 eVo linear

## **Control**

3D-Control Heidenhain TNC 640

## **Spindle**

Spindle speed 20.000 rpm, HSK-A63

## **Working table**

NC swivel rotary table

## **Tool magazine**

Chain-type tool magazine 120 pockets

## **Cooling media / chip removal**

Internal Coolant Supply 40/80bar/980l  
Extended swarf flushing  
Double cartridge filter, 25 µm  
Rotating clear-view window  
Oil and emulsion mist separator  
Air blast through spindle centre

## **Measuring / Monitoring**

Infrared measuring probe PP 60 optical  
Laser tool measuring, swiveling  
3D quickSET

## **Automation**

Signal lamp 4-colour  
DMG MORI Interface PROFIBUS  
Prep. for robot actuated clamping system control

## **General options**

Package tropical climate (dynamic vers.)  
additional Set of Lubricants  
Frequency 60 cycles, without surcharge  
Machine version Inch

## **Option for HEIDENHAIN control**

Manual control panel  
ATC (Application Tuning Cycle)  
Safety package for power failure

## **Documentation**

Documentation 1 english  
Documentation 2 english

## **Screen Text Language**

Screen text german/english

## **DMG MORI Software Solutions**

DMG MORI Netservice - client
