

SAP ARIBA

WELCOME PACKAGE – THE FUTURE IS NOW

INTRODUCTION

With SAP Ariba we have taken a big step in the right direction for our future-oriented, effective and efficient work culture. This step is and was necessary to shape the future at the forefront of innovation leaders.

We at DMG MORI place great value on leading and global technologies and with SAP Ariba we have caught the opportunity to take the path of digitalization together with our competitors.

With SAP Ariba we are now able to map the entire procurement process digitally. From the registration of potential suppliers over order processing to the storage of paid invoices. Everything is designed to be cloud-based to ensure fast and constant availability.

As a partner of DMG MORI, you are now asked to integrate this technology into your work culture. Be part of the future and use all the positive aspects of this innovation tool.

With SAP Ariba we have the chance to push the digitalization further and we are sure that you will discover this potential for yourself.
